UNIVERSITY CENTRAL LIBRARY

ANNUAL REPORT FOR THE PERIOD 1-7-2010 TO 30-6-2011

INTRODUCTION

The University Library System has a Central Position in the academic activities of the University. It is considered to be a heart of the University which should be injected with fresh blood continuously.

The University Central Library was constituted in 1962 and the Extension Library of the University of Rajasthan working in the Udaipur was merged into it in 1966. The College Libraries were created gradually with the establishment of the Colleges. In 1987 the Rajasthan Agricultural University was split up from the University and the College Libraries of the agricultural wing became the part of the Rajasthan Agricultural University. The Sukhadia University Library System consists of the following Libraries :

1. University Central Library
2. University College of Science Library
3. University College of Social Science & Humanities Library
4. University College of Commerce & Management Studies Library
5. University College of Law Library
6. Faculty of Management Studies Library
7. University Department of Geology Library

There are two separate libraries in the Science faculty (i) College of Science Library and (ii) Department of Geology Library which has been transferred from University of Rajasthan. Similarly in the College of Commerce and Management

Studies, two units of Libraries are working side by side (i) Main Library of the College and (ii) F.M.S. Library.

The Central Library concentrates on research support services whereas the college libraries look after the specific needs of Under-graduate and Post-Graduate teaching courses of the respective College.

The University Central Library caters to the needs basically of the Post-Graduate Students, Research Scholars and the faculty members of the University, catering the needs of the Research Scholars and Faculty members through INTERNET.

The Central Library has set up the Information and Library Network (INFLIBNET) Cell with the assistance of UGC. This cell is equipped with modern infrastructures. This cell regularly inputs records in the National database being developed by the INFLIBNET at Ahmedabad. This library is member of INFLIBNET and DELNET (Development Library Network) New Delhi, which has recently developed its WebPages. Readers can access our library record on the Internet. The library also provides all possible information through Internet required by the research scholars. Each of our unit library maintains e-library or internet access work.
